## The Audi A3 and S3

Pricing and Specification Guide

Valid from April 2015

# Personalising your Audi A3

This guide has been designed to help you tailor and price your Audi A3 quickly and logically. At the back, you will find information on CO2 emissions-based taxation and the other services offered by Audi, including Finance and Insurance. You can also configure your Audi A3 online at [audi.co.uk](http://audi.co.uk)

**Get more from this brochure with the free Audi Vision app.**

Audi Vision brings our brochures to life through Augmented Reality. It works by recognising images on a page through your device's camera. Suitable for phones or tablets, download it for free from the App Store or Google Play. Once downloaded, simply open the app and scan the cover of your guide. Then look out for any page with the Audi Vision logo, you can then hold your device over the page and watch as you get exclusive access to extra images, information and video content.

## Vorsprung durch Technik

Three words that express the very essence of Audi. Vorsprung durch Technik isn't a slogan, it's our way of seeing the world. It is the driving force behind our history of innovation that continues into the 21st century. Indeed, many technologies that Audi pioneered remain in our cars today. Some are milestones in the history of the motorcar.

From our beginnings in 1899, to the Auto Union team's Grand Prix successes in the 1930s and our more recent wins at Le Mans, we have always been at the forefront of the motor industry.

Vorsprung durch Technik makes us who we are. To see more of its influence, just read on.

## The Audi A3: Vorsprung durch Technik in its genes

With its innovative design and sophisticated technology, the Audi A3 is the perfect example of Vorsprung durch Technik. It's available with a choice of advanced petrol and diesel engines, from the turbocharged 1.2 TFSI® to the 2.0 TDI® – all of which deliver exceptional efficiency and performance. And there's also a wide range of equipment and accessories to choose from, placing you behind the wheel of a car that suits you completely.

## **The A3 interior story**

We've introduced a number of finishing touches to the interior of the Audi A3 to make your driving experience both comfortable and unique. You'll find an impressive attention to detail in everything from the 5.8" slimline, electrically extending colour display screen to the optional luxurious leather seating, which means that every journey you make will be a personal one.

# Engines

## Petrol

FSI® direct-injection technology is a unique Audi innovation that was originally developed for the Le Mans 24-hour endurance race to deliver more power and torque, as well as enhanced fuel efficiency. Precisely the right amount of fuel and air are injected into the combustion chambers, enabling the engine to 'breathe' more easily. It results in reduced heat loss and increased output, with around a 15% reduction in fuel consumption and significantly lower exhaust emissions. We've also developed TFSI®, with turbocharging – giving cars an extra injection of power.

## Diesel

We introduced TDI® to the roads in 1989, and since then, we've continuously refined it, including developing common-rail technology. Under this system, a series of piezo injectors uses electrical charge to precisely control the amount of fuel injected into the engine. As well as reducing noise, this allows combustion to happen at a lower temperature, with less oxygen, which lowers emissions.

## Transmission

### **S tronic®**

Driving is all about thinking ahead, which is just what the S tronic® dual-clutch transmission does. It works almost as two separate systems, one engaging the odd-numbered and the other the even-numbered gears. So when you're accelerating in second, it has third gear waiting for you. And once you make the switch, it's already thinking about fourth. With two clutches working together, you can change gears almost instantly while experiencing smooth, uninterrupted power.

## Efficiency

At Audi, doing less is something we're trying to do more of. We're working to use less fuel, release less CO<sub>2</sub> and waste less energy. It's why we've incorporated a number of more efficient technologies into the Audi A3.

### **TDI® and FSI®**

Inside the engine of the Audi A3 you'll find the same advanced fuel-injection technology that's driven us to win after win at Le Mans. With TDI® and FSI®, fuel is injected directly into the engine's chambers so that combustion is timed right down to the millisecond. As a result, waste is minimised and you get the most from every last drop of fuel.

### **Gear-change indicator**

Small changes to your driving style can have a big impact on your fuel economy. The gear-change indicator in the Audi A3 is there to indicate the optimum gear to use for any given speed, encouraging early upshifts to ensure you don't burn more fuel than is necessary.

### **Aerodynamics**

A car's shape is one of the most important factors that influences its efficiency. It's why we've worked to make the Audi A3 as aerodynamic as possible.

### **Audi cylinder-on-demand**

Dynamic performance does not necessarily equate to higher consumption – as the 1.4 TFSI® cylinder-on-demand engine proves. Using advanced cylinder-on-demand technology to automatically shut down two of the four cylinders when the engine is operating at lower loads, particularly when cruising on the motorway or in city traffic, you benefit from the efficiency and low emissions of a comparable diesel engine. Out on the open road, meanwhile, the instantaneous power of TFSI®, combining turbocharging with petrol direct injection, is ready and waiting.

### **Recuperation**

When a vehicle brakes, the discs convert the kinetic energy into thermal energy, which is wasted as it cannot be used. With a recuperation system, like the one that is fitted as standard on all A3 models, the kinetic energy is converted into useful electrical energy. The way it works is simple. While the car is coasting or braking, the alternator voltage is raised above the level of the basic electrical system, which enables the alternator to generate electrical energy and store it temporarily in the battery. When the vehicle accelerates, this energy is used to relieve the load on the alternator, resulting in a fuel saving of up to 3%.

# quattro®

It's the technology that has given Audi the edge on the rally circuit ever since it was first introduced over 30 years ago – a technology that delivers ultimate control whilst enhancing the sporty characteristics which make the Audi A3 so thrilling to drive. It's called quattro® permanent all-wheel-drive. The principle is simple: in the same way that four brakes ensure better deceleration, four permanently-driven wheels deliver better acceleration and road-holding, pushing or pulling the car as needed, for a driving experience that's both dynamic and safe.

In the Audi A3, quattro® all-wheel-drive continuously distributes drive power between the front and rear axles depending on weather conditions, road surface and gradient, which increases flexibility for an enhanced, sportier drive.

# SE model equipment

All A3 models have the following items of standard equipment

## Engine and transmission

**Efficiency programme in the Driver's Information System (DIS)** – provides the driver with fuel saving tips, a gear change indicator on manual models and details of other vehicle functions that consume fuel

**Start-Stop system** with energy recuperation

## Wheels, tyres and suspension

**16" x 6.5J '10-spoke' design alloy wheels** with 205/55 R16 tyres (all engines except 1.6 TDI ultra)

**16" x 6.5J '5-spoke star' design alloy wheels** with 205/55 R16 tyres (1.6 TDI ultra engine only)

See page 60 for image

## Anti-theft wheel bolts

**Electromechanical parking brake** – includes parking brake function when the car is stationary, auto-release function to assist when pulling away and emergency braking function

## Electromechanical power steering

**Space-saving spare wheel** – for temporary use (all engines except 1.6 TDI ultra)

**Tyre repair kit** (1.6 TDI ultra engine only)

**Standard Suspension** (all engines except 1.6 TDI ultra)

**Sports Suspension** (1.6 TDI ultra only)

## Audio and communication

**5.8" QVGA colour display screen** – electrically extending, slimline design, with 400 x 240 pixel resolution

**8 passive speakers** at the front and rear with a total output of 80 Watts

## MMI radio which includes:

- Single CD player and two SDXC memory card readers (up to 2TB) which are both MP3, WMA and AAC compatible
- MMI control panel
- FM and AM (MW) reception
- 50-station memory with dynamic station list
- Speed-dependent volume control

**Audi Music Interface (AMI)** – provides connection to Apple iPod from 4th generation and Apple iPhone, as well as USB storage media and MP3 players. Located in the centre console and operated using the MMI control panel, multi-function steering wheel or voice control

**Bluetooth interface** – for hands-free mobile phone connectivity and Bluetooth audio streaming (depending on compatibility of mobile phone)

**DAB digital radio reception.** Integrated into the MMI, receives digitally transmitted radio stations in addition to the range of analogue stations. Displays music track, artist and radio programme. Capable of 'DAB slideshow' where transmitted. Reception dependent on local digital network

16" x 6.5J '10-spoke' design alloy wheels

Electromechanical parking brake and MMI control panel

Audi Music Interface

**Driver's Information System (DIS)** – 3.5" monochrome display in the dashboard binnacle. The DIS shows the radio frequency/station or track title, telephone control menu and other display information from the infotainment system such as navigation (if fitted). Includes an on-board trip computer with short and long-term trip memory, outside temperature display, digital speedometer and door or boot-open warning. Also includes a rest recommendation system which monitors steering movements and pedal usage and warns the driver when a rest might be required

**Preparation for SD card-based navigation system** – allows maps to be retro-fitted using parts from Audi Genuine Accessories

**Voice control system** – for key telephone and radio functions

## Seats

**Convenience entry** – enhanced front-seat folding function for easy access to the rear compartment (3-door only)

**ISOFIX child seat mounting** for front passenger (with airbag deactivation) and outer rear seats. Including Top Tether attachment point for the outer rear seats

**Marathon cloth upholstery** – available in black or titanium grey. The seat centre section in Marathon cloth design and the seat side sections, head restraints and door and rear side trims in plain cloth

**Split-folding rear seats** – 60/40 or all

**Standard front seats**, with manual forwards, backwards and backrest angle adjustment, seat height adjustment (on driver's and front passenger's side) and also head restraint and belt height adjustment

## Safety and security

**Adaptive brake light** – the brake light flashes during an emergency stop to warn following traffic; hazard warning lights automatically activated if vehicle comes to a standstill

**Airbags** – driver, front passenger and front side airbags with head-level airbag system for front and rear plus knee airbag for the driver. Includes a front passenger airbag deactivation switch

**Anti-Slip Regulation (ASR)** reduces engine power to prevent the drive wheels from spinning, resulting in more stability and improved traction

**Anti-lock brake system (ABS) and electronic brake-force distribution (EBD)**; hydraulic brake assist, disc brakes at front and rear, ventilated at front

**Electronic differential lock (EDL)**. On surfaces with varying levels of grip, this start-off assistant automatically brakes the driven wheels on any surface that is too slippery, thereby ensuring smooth, powerful progress

**Electronic stabilisation control (ESC)**, ensures greater stability in hazardous situations through targeted braking of individual wheels and intervention in the engine management system and helps to stabilise the vehicle by changing the steering torque

**First-aid kit**

**Manual child locks on rear doors** (Sportback only)

**Secondary collision brake assist** – in the event of an accident, this function automatically brakes the car to prevent secondary collisions

**Remote central locking** with two fold-away keys

**Rest recommendation system** – analyses driving behaviour based on steering, pedals and gear lever movements. If the system detects a change in driving patterns it can, via audio and visual effects, notify the driver of the possible need to take a break

**Seat belt reminder for all seats**

**Thatcham Category 1 alarm and immobiliser**, with tow-away protection and interior monitoring (both of which can be switched off)

**Tool kit and car jack**

**Tyre Pressure loss indicator** – visual and acoustic warning if the pressure drops in one or more tyres

**Warning triangle**

Driver's Information System (DIS)

Split-folding rear seats

Standard seat\* in Milano leather with Pashmina beige upholstery

\*Image shown also includes optional Milano leather and under-seat storage which is part of the storage package, available at additional cost.

# SE model equipment

continued

## Interior equipment

**4-spoke leather-trimmed multi-function steering wheel** with gear-shift paddles on S tronic models, adjustable for height and reach

**Air vents in aluminium look**, which can be adjusted from wide diffuse air distribution to a particular spot diffuse

## Cloth headlining

**Coat hooks** on the B-pillar on the left and right side

**Cup holders** – 2 in the front located in the centre console in front of the gear knob and 2 in the rear located next to the edge of each outer rear seat (3-door only)

## Electric front windows

**Electric rear windows** (Sportback only)

**Front and rear floor mats** – in velour to match interior colour

**Front centre armrest** with angle and lengthways adjustment

**Height-adjustable boot floor** – not available on quattro variants or in combination with Towing equipment, Audi sound system or Bang & Olufsen sound system

**Inlays** in Micrometallic silver

**Interior lighting** – front and rear with delayed switch-off and contact switches on all doors. Also includes glove box and luggage compartment light

**Lashing points** – 4 in luggage compartment, to prevent movement of luggage and other objects, attachment points for the optional luggage securing net

## Manual air conditioning

**Rear parcel shelf**, removable

**Smoking package** with cigarette lighter and 12V socket in the centre console and an ashtray with the Audi rings

**Storage compartments** in the door side trims, in the centre console, and under the front driver's seat

**Sun visors** – folding and swivelling, on driver's and front passenger's side, with covered vanity mirror

## Exterior equipment

**Door mirrors** – electrically adjustable and heated with built-in LED side indicators and painted in body colour

## Front fog lights

**Halogen headlights**, with electric headlight range control and daytime-running lights

## Heated rear window

## Heated windscreen washer jets

## Model and engine technology (TDI or TFSI) badges at the rear

**Rear lights** – with reversing lights in white and rear fog lights, including high-mounted third brake light and LED number plate light

**Roof spoiler** – painted in body colour with aerodynamic inserts in high-gloss black at the side

**Exhaust tailpipe** – single tailpipe on 1.2 TFSI and 1.6 TDI, double tailpipes on the left on all other engines

## Washer fluid level indicator

Inlays in Micrometallic silver

Manual air conditioning, air vents in aluminium look and 5.8" colour display screen\*

Door mirrors – electrically adjustable and heated with built-in LED side indicators and painted in body colour\*\*

\*Image shown also includes inlays in Aluminium mistral silver, available at additional cost on SE trim.

\*\*Image shown also includes Aluminium window trims, available at additional cost.

Image shows the A3 SE model with optional Floret silver, metallic paint (L5) and Xenon light package (WB6)

# SE Technik model equipment

In addition to SE  
model equipment

Total RRP inc VAT  
£750.00

### Wheels, tyres and suspension

16" x 7J '15-spoke Y' design alloy wheels with  
205/55 R16 tyres

### Audio and communication

**Colour Driver's Information System** – offers  
the same functionality as the Driver's Information  
System (DIS) but with a high-resolution  
colour display

**Satellite Navigation system** – SD card-based.  
Route planning and guidance using voice,  
pictogram and 2D mapping shown on the 5.8"  
colour display screen. Can be operated via the  
MMI controls, multi-function steering wheel or  
voice control system. Includes European map  
data and 7-digit postcode recognition

### Safety and security

**Audi parking system, rear.** Makes reverse parking  
easier by indicating acoustically how far away  
the vehicle is from an object detected behind it.  
Measurement is by ultrasonic sensors integrated  
discreetly in the bumper

**Cruise control.** Maintains any speed above 18mph,  
provided that the engine power output and engine  
braking effect permit it. Operated via separate  
steering column stalk, with set speed displayed  
in the Driver's Information System (DIS)

16" x 7J '15-spoke Y' design alloy wheels

# Sport model equipment

In addition to SE model equipment

Total RRP inc VAT  
£1,400.00

## Wheels, tyres and suspension

17" x 7.5J '5-arm' design alloy wheels with 225/45 R17 tyres

**Audi drive select** changes vehicle characteristics by adapting power steering assistance, accelerator and gear-shift response (for models with S tronic). The system also influences other optional equipment through 5 available modes: comfort, auto, dynamic, efficiency and individual. The efficiency mode adapts the engine characteristics, enables free-wheeling mode with the S tronic transmission and engages the climate control and the optional adaptive cruise control into an efficient fuel-saving setting (efficiency mode unavailable on the 1.2 TFSI manual and S tronic)

**Sports suspension**, lowered by 15mm with stiffer suspension and damping for more direct contact with the road and sporty handling. Deselection of Sports suspension is available as a no-cost downgrade from Sports suspension and, if chosen, the Sports suspension lowering is removed and the suspension is returned to the standard ride height and damping

## Audio and communication

**Colour Driver's Information System** – offers the same functionality as the Driver's Information System (DIS) but with a high-resolution colour display

## Seats

**Front Sports seats**, with shaped side bolsters for better lateral support when cornering, manual forward/backward and backrest angle adjustment, manual adjustment of the seat height (on the driver's and front passenger side), the head restraint and belt height as well as the seat-cushion angle adjustment and extendable thigh support

**Rallye cloth upholstery** – seat centre sections in Rallye cloth design. The seat side bolsters, head restraints as well as door and rear side panel inserts are in single-colour cloth

## Interior equipment

**3-spoke leather-trimmed Sports multi-function steering wheel**, with gear-shift paddles on S tronic models

**Aluminium door sill trims**

**Aluminium interior elements** – on the vents, glove compartment, mirror adjustment switches, window control switches, frame around the inside door handle, coin box, control buttons for the parking brake and the hold assist button (if fitted)

**Dual-zone electronic climate control** with sunlight-dependent control, separate pre-selectable control for driver and front passenger. Electronically regulates the air temperature, air flow rate and air distribution. Automatic recirculation mode by means of air quality sensor, combined filter, rear vents and humidity regulation for more efficient climate control

**Inlays** in Aluminium mistral silver

## Exterior equipment

**Aluminium window trims** – framing the exterior side windows

**Chrome exhaust tailpipe trims**

**Chrome front fog light surrounds**

17" x 7.5J '5-arm' design alloy wheel

Sports seats in Black Rallye cloth\*

3-spoke leather-trimmed Sports multi-function steering wheel

Dual-zone electronic climate control

Image shows the A3 Sportback Sport model with optional Mythos black, pearl effect paint (OE)

# S line model equipment

In addition to Sport model equipment

Total RRP inc VAT  
£2,150.00

## Wheels, tyres and suspension

18" x 7.5J '5-parallel-spoke' design partly polished alloy wheels with 225/40 R18 tyres

**Sports suspension**, lowered by 15mm (same suspension as Sport). Deselection of Sports suspension is available as a no-cost downgrade, and if chosen, the Sports suspension lowering is removed and the suspension is returned to the standard ride height and damping. S line Sport suspension, lowered by an additional 10mm, is also available as a no-cost upgrade

## Seats

**Biathlon cloth/leather upholstery** with S line embossing and contrasting silver stitching on the upholstery, steering wheel and gear knob gaiter

## Interior equipment

**Black headlining**

**Door sill trims with S line logo**

**Illuminated vanity mirrors**

**Inlays in matt-brushed aluminium**

**Perforated leather gear knob**

**Flat-bottomed S line 3-spoke leather multi-function steering wheel**, with perforated leather grips and gear-shift paddles on S tronic models

**Storage and luggage compartment package** – includes storage nets on the backs of the front seat back rests, storage net in the front passenger footwell, 12V socket in the rear centre console and storage compartment under the rear seat (including two high-visibility vests). In the luggage compartment there is an additional multi-fastening point, net in the side compartment, luggage securing net, 12V socket and additional LED lighting

## Exterior equipment

**Front fog light surrounds in high gloss black**

**Radiator grille in high gloss black**

**S line badges on the front wings**

**S line design body styling comprises:**

- S line front bumper
- S line rear diffuser with Platinum grey insert
- S line side sills
- S line roof spoiler

**Xenon Plus headlights** with automatic/dynamic headlight range control, LED daytime-running light strip and headlight washers. Also includes LED rear lights, LED brake lights and LED rear indicators

18" x 7.5J '5-parallel-spoke' design partly polished alloy wheel

S line roof spoiler

Xenon Plus headlights with LED daytime-running light strip

# S3 quattro model equipment

## In addition to Sport model equipment

### Wheels, tyres and suspension

18" x 7.5J '5-twin-spoke Star' design anthracite, partly polished alloy wheels with 225/40 R18 tyres

'S' Sports suspension with more dynamic spring/damper settings and lowered by 25mm compared to the A3 standard suspension

Progressive steering enhances driving comfort by reducing steering effort in town traffic and when manoeuvring as well as the driving dynamics through a direct and progressive steering ratio; in addition, the progressive steering also has speed-dependent steering assistance which can be configured via Audi drive select

### Seats

Fine Nappa leather upholstery with S embossing and contrasting silver stitching on the upholstery, steering wheel and gear knob gaiter

Heated front seats. Individually controlled variable temperature adjustment for driver and front passenger seats

### Interior equipment

Flat-bottomed S3 3-spoke leather multi-function steering wheel, with contrast stitching and gear-shift paddles on S tronic models

Illuminated vanity mirrors

Inlays in matt-brushed aluminium

Instrument dials in grey with white needles and aluminium look needle hub and S3 logo. Includes a boost pressure display in the rev counter

Pedals in brushed stainless steel

'S' logo on the MMI and Driver's Information System (DIS) display

Storage and luggage compartment package

- includes storage nets on the backs of the front seat back rests, storage net in the front passenger footwell, 12V socket in the rear centre console and storage compartment under the rear seat (including two high-visibility vests). In the luggage compartment there is an additional multi-fastening point, net in the side compartment, luggage securing net, 12V socket and additional LED lighting

### Exterior equipment

Brake calipers painted in black with S3 logo at the front

Door mirrors with aluminium-look housing

Radiator grille in platinum grey with horizontal double chrome bars

'S' design body styling comprising:

- S3 front bumper with new air intake grilles in a honeycomb structure and double chrome bars. Also includes additional air intake funnels in place of the front fog lights and aluminium-look blades defining the lower edge of the bumper
- Rear diffuser incorporating dual-branch oval twin tailpipes and double chrome bar at the top of the diffuser
- Door sill trims with S3 logo
- S3 roof spoiler

Xenon Plus headlights with automatic/dynamic headlight range control, LED daytime-running lights strip and headlight washers. Also includes LED rear lights, LED brake lights and LED rear indicators

18" x 7.5J '5-twin-spoke Star' design anthracite, partly polished alloy wheel

Instrument dials – rev counter with boost pressure display

S3 roof spoiler

Xenon Plus headlights with LED daytime-running light strip

Image shows the S3 Sportback model with optional Sepang blue, pearl effect paint (E9), 18" '5-twin-spoke Star' design anthracite, part-polished alloy wheels (CO2) and LED headlights (PX7)

## Options

Every driver has different needs, which is why we have created some useful options to further enhance your car. For extra comfort, support, style or function, you can choose from a variety of additional features, tailoring everything from your infotainment and audio equipment to your wheels and lighting.

# Wheels, tyres and suspension

Choose a set of specially selected alloy wheels to subtly enhance the way your car looks.

16" x 6.5J '10-spoke' design alloy wheels – C2L

16" x 6.5J '5-spoke star' design alloy wheels – C0Y

16" x 7J '15-spoke Y' design alloy wheels – C2F

17" x 7.5J '5-arm' design alloy wheels – C9X

17" x 7.5J '15-spoke' design alloy wheels – CH2

17" x 7.5J '5-arm Kinetic' design alloy wheels – CJ1

18" x 7.5J '5-arm Dynamic' design part-polished alloy wheels – C0T

18" x 7.5J '5-parallel-spoke' design part-polished alloy wheels – CC1

18" x 7.5J '5-twin-spoke Star' design anthracite, part-polished alloy wheels – C0Z

18" x 7.5J '10-spoke' design alloy wheels – F37

18" x 7.5J '10-spoke' design titanium matt alloy wheels – F38

19" x 8J '5-arm Wing' design high-gloss titanium alloy wheels – C7D

Please note that choosing an optional wheel may affect the fuel consumption figures and the CO<sub>2</sub> emissions on your A3. This may result in a change in the subsequent Vehicle Excise Duty payable. Please see pages 85, 86, 88, 90, 91, 93 and 99 for more details.

| 2H6           | <b>Audi drive select.</b> Changes vehicle characteristics by adapting power steering assistance, accelerator and the gear-shift characteristics of the S tronic transmission. The system also influences other optional equipment through 5 available modes: comfort, auto, dynamic, efficiency and individual. The efficiency mode adapts the engine characteristics, enables free-wheeling mode with the S tronic transmission and engages the climate control and the optional adaptive cruise control into an efficient fuel-saving setting (efficiency mode unavailable on the 1.2 TFSI manual and S tronic)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    | •  | •          | S     | S      | S          | £220.00              |
| 2H7           | <b>Audi Magnetic Ride.</b> Continuously adapts the suspension damping to the changing driving situation. It does this automatically and in just a few fractions of a second by means of an electronically controlled magnetic field. This results in impressive handling dynamics accompanied by a remarkably high degree of ride comfort. The “Auto”, “Comfort” and “Sport” modes allow the basic setting to be adjusted individually as desired. There is a pronounced difference between the respective basic set-ups.<br>- Ample ride comfort thanks to low body acceleration and movements<br>- Enhanced agility and handling dynamics thanks to reduced dynamic roll angles during steering inputs<br>- Improved pitch characteristics when accelerating and slowing down<br>- Clear distinction between the modes “Comfort” (balanced and comfortable), “Sport” (sporty and dynamic) and “Auto” (adapted to prevailing driving situation)<br>- Controlled wheel damping ensures remarkable handling stability and safety, especially when road conditions are poor<br>- High long-distance suitability<br>- Convenient adjustment of suspension tuning using a button in the centre console<br>Not available on the 1.2 TFSI 110PS, 1.4 TFSI 125PS or 1.6 TDI 110PS engines. Only in combination with Sports suspension (2UC) | –  | –          | •     | •      | •          | £995.00              |
| 1N7           | <b>Progressive steering</b> operates with a variable steering ratio which reduces the steering effort required e.g. in tight bends. This improves comfort on the one hand, for instance when parking or manoeuvring, and at the same time also provides a sportier driving feel e.g. when driving along narrow winding roads.<br>- High steering precision combined with minimised steering effort thanks to variable steering ratio<br>- Precise steering feel with good feedback from the road<br>- Incorporates all functions of the electromechanical power steering<br>- Sporty, direct steering feel when driving straight ahead<br>- Noticeable dynamic response and far less need to reposition hands in bends, on winding roads and when turning<br>- More comfort as less steering effort required when parking or manoeuvring<br>- Can be configured via Audi drive select<br>Not available on the 1.2 TFSI 110PS, 1.4 TFSI 125PS or 1.6 TDI 110PS engines. Only in combination with Sports suspension (2UC) or S line Sports suspension (2UG)                                                                                                                                                                                                                                                                            | –  | –          | •     | •      | S          | £295.00              |
| 2UA           | <b>Deselection of Sports suspension.</b> Available as a no-cost downgrade from Sports suspension on Sport and S line models. If chosen then the Sports suspension lowering is removed and the suspension is returned to the standard ride height and damping                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         | –  | –          | •     | •      | –          | No charge            |
| 2UC           | <b>Sports suspension.</b> Lowered by 15mm with stiffer suspension and damping for more direct contact with the road and sportier handling. Standard on 1.6 TDI ultra engine                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          | –  | –          | S     | S      | –          | No charge            |
| 2UG           | <b>S line Sports suspension.</b> More dynamic spring/damper setting and lowered by an additional 10mm compared with the Sports suspension or by 25mm compared with the standard suspension                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           | –  | –          | –     | •      | –          | No charge            |

# Packages

Some items work well together, which is why we've created these special packages. They provide increased convenience and value by combining several of our most popular options.

Options are subject to availability and may extend delivery.

| WB4        | <b>Technology package with Mobile telephone preparation – High with Audi Connect.</b> Includes Technology package (PNQ) and Colour Driver's Information System (DIS) (9S6). Audi Connect provides access to a number of innovative online services via an internal UMTS (4G) module. Audi Connect online services include: navigation using Google Earth images and Google Street View, destination entry via Google Maps or myAudi, online point of interest search and information services such as weather forecasts and the latest world news. Audi Connect also includes Audi traffic information online, which gives accurate real-time forecasts of the traffic situation along the chosen route. The traffic situation can be displayed on the navigation map or Google Earth image. Audi Connect can also create a WiFi hotspot in the car for convenient internet access using a mobile device (e.g. laptop or tablet). Many Audi Connect features can be simply operated via MMI Navigation Plus, the multi-function steering wheel or the voice control system. | ●  | –          | –     | –      | –          | £1,915.00         |

| UH2        | <b>Hold assist.</b> Holds the vehicle stationary for unlimited periods after stopping and prevents the vehicle rolling on hills and on gradients. The system is activated by a push-button and allows the driver to drive away easily and comfortably without having to operate the electromechanical parking brake                                                                                                                                                                                                                                                                                                                                                                                                                                                    | •  | •          | •     | •      | •          | £90.00            |
| 7X1        | <b>Audi parking system, rear.</b> Makes reverse parking easier by indicating acoustically how far away the vehicle is from an object detected behind it. Measurement is by ultrasonic sensors integrated discreetly in the bumper. Also available as part of the Comfort package                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       | •  | S          | •     | •      | •          | £345.00           |
| 7X2        | <b>Audi parking system plus, front and rear with selective display.</b> Acoustic and visual parking aid for the front and rear which displays white distance markers for obstacles that would not be touched and red symbols for obstacles that may be touched. This provides the driver with a selective optical view in the MMI display of all the objects recognised, depending on the current curve radius and direction of travel. Measurement is by ultrasonic sensors discreetly integrated in the bumpers                                                                                                                                                                                                                                                      | •  | –          | •     | •      | •          | £595.00           |

| 7X5        | <b>Audi parking system plus, with park assist.</b> In addition to parking system plus front and rear, ultrasonic sensors are used to search for parking spaces by the roadside and the system calculates the ideal parking path for reverse and parallel parking spaces. The steering action is performed almost automatically. Assisted parking is now even possible in smaller parking spaces and bend areas, and the system will park the car in several moves if required. Steering is done by the vehicle, while the driver only needs to accelerate and apply the brakes. 4 additional sensors indicate obstacles detected all around and at the side of the vehicle, and warn the driver, making parking easier and safer by setting the correct steering angle | •  | –          | •     | •      | •          | £835.00           |

## Looking after your Audi

When you've chosen your ideal model, it's reassuring to know that it will remain in safe hands. That's why we've created products to protect your Audi, from extended warranties to Audi Complete. And there's also a range of Audi accessories and merchandise to choose from, enabling you to further enhance and safeguard your car.

# Audi Complete

If you drive under 10,000 miles per annum your vehicle will be placed on a Fixed Inspection Service schedule. If your mileage tends to exceed 10,000-miles per annum it will be placed on the Flexible Service schedule.

## Warranty

All new Audi models now come with a choice of three, four or five-year warranty.\* What's more, if you decide to sell your Audi before the warranty expires, it will be fully transferred to the new owner. So, whichever length of warranty you choose, you can forget about unexpected repair bills and enjoy several years of carefree driving.

Options are subject to availability and may extend delivery.

\*Three-year warranty consists of a two-year unlimited mileage warranty and a third year warranty with a 60,000-mile limitation. Four-year warranty consists of a two-year unlimited mileage warranty and two further years' coverage with a 75,000-mile limitation. Five-year warranty consists of a two-year unlimited mileage warranty and three further years' coverage with a 90,000-mile limitation.

\*\*Only available before registration of your Audi Q3. Please speak to your Audi Centre for full details.

RRP – Recommended Retail Price.

VAT is calculated at 20% but this may alter to reflect any change in the applicable VAT rate.

Audi Complete is our fixed-cost maintenance plan, which helps you keep your Audi in top condition and stay in control of your finances. For a simple monthly payment, you could cover your car's servicing, maintenance and, if you want, its tyres too.

So not only will you ensure your car runs smoothly, you'll also protect its future resale value. And because everything's covered by one competitive price, there's no need to go anywhere else.

Pricing is completely tailored to your vehicle and takes into consideration the options you have on your vehicle and your likely annual mileage and resultant service schedule. Please speak to your Audi Centre for a personalised quote for Audi Complete.

# Accessories

Choosing an Audi isn't just a matter of deciding on the model you want; it's about creating a car that suits your needs perfectly. And that's why we've developed a whole range of accessories to enhance your A3, enabling you to customise it down to the last detail. Like your Audi, all these accessories are developed to the highest possible standards. They're all available exclusively from Audi. To find out more, just visit [audi.co.uk/accessories](http://audi.co.uk/accessories) or contact your local Audi Centre.

## Warranty

All of the accessories available on the A3 are covered by a three-year warranty\* if they are ordered and included in the purchase price of the car at date of delivery. Any accessories ordered and installed after delivery include a two-year warranty.\*

\*Excluding Road Angel products.

Audi Accessories warranty terms and conditions can be found at [audi.co.uk](http://audi.co.uk)

# Merchandise

From the enthusiasts' motorsport collection to the sophisticated Audi collection, there's a wide variety of adults' and children's clothing, lifestyle accessories and collectables, all of which bear the Audi name.

Please speak to a member of our team at your local Audi Centre to see the full Audi collection and to place an order. A selection of Audi merchandise is also available to buy from [audi.co.uk/merchandise](http://audi.co.uk/merchandise)

# The Audi **Difference**

### The experts in Vorsprung durch Technik

Our Audi Approved Master Technicians have undergone an impressive 100,000 hours of training over a 10-year programme to ensure they have the latest technical expertise for maintaining and servicing your Audi. All our Service Advisors undergo a specialist induction and training to ensure they are Audi professionals and able to talk to you about any issues you may have with your Audi vehicle.

### Servicing tailored to your needs

Regular servicing is key to safeguarding your Audi's performance and a full Audi service history could help you enhance the future re-sale value. To make servicing easy, the Audi Service Schedules have been designed to work with your individual driving style and vehicle.

We offer two different schedules: the Fixed Inspection Service and the Flexible Service schedule. The conventional Fixed Inspection Service schedule has fixed intervals for the Oil-change Service and Inspection Service, which are determined by time and distance.

With the Flexible Service schedule, the Inspection Service intervals are also fixed but the Oil-change Service intervals are variable. Sensors take account of driving style and conditions to determine when the Oil-change Service is required and the driver is informed via the on-board service interval display.

The choice of Service Schedule will depend on journey type and mileage as well as individual driving style and conditions. The table to the right can be used for guidance but your Audi Centre will help you to determine the most suitable Service schedule for you based on your individual circumstances and preferences.

### Fixed Inspection Service Schedule

|                    |                                                                                         |
|--------------------|-----------------------------------------------------------------------------------------|
|                    | Vehicle usage:                                                                          |
| Mileage            | Less than 10,000 miles per annum<br>Mainly city/town centre driving.<br>Short journeys. |
|                    | Service Intervals:                                                                      |
| Oil-change Service | Fixed to every 9,000+ miles/1 year                                                      |
| Inspection Service | Fixed to every 19,000+ miles/2 years                                                    |

### Flexible Service Schedule

|                    |                                                                                                                             |
|--------------------|-----------------------------------------------------------------------------------------------------------------------------|
|                    | Vehicle usage:                                                                                                              |
| Mileage            | More than 10,000 miles per annum<br>Motorway and main road driving.<br>Mainly longer distance journeys.<br>Constant speeds. |
|                    | Service Intervals:                                                                                                          |
| Oil-change Service | Variable to a maximum of every 19,000+ miles/2 years                                                                        |
| Inspection Service | Fixed to every 19,000+ miles/2 years                                                                                        |

When a vehicle is frequently used in the following conditions, we recommend a Fixed Inspection Service Schedule, regardless of mileage:  
Uneconomical driving styles, e.g. heavy acceleration and braking, constant use of high revs  
High engine-loading conditions, e.g. frequent towing and hill climbs

\*As indicated by the service interval display. Mileages are approximate as the Service Indicator system uses kilometres as its distance measurement.

### Your convenience comes first

At Audi you can choose from a range of convenient services that suit your needs. Why not book a 'service while you wait' appointment\* and enjoy our complimentary refreshments while your car is with us? Or, if you need to be mobile, take advantage of one of our courtesy cars which we can even deliver to you.\* We guarantee we can service your Audi within 5 days without a courtesy car or within 10 days if you need transport. We will also ensure your car is returned to you with a full valet.

### Audi Genuine Parts

You can rest assured that only Audi Genuine Parts will be used on your vehicle. What's more, Audi parts and labour come with a 2-year guarantee.\*\*

### No hidden costs

We believe strongly in transparency when it comes to our prices. For added peace of mind, we will give you a quotation over the phone for the work you have requested and email you the price confirmation. We'll consult you if any additional work on your car is needed when it is with us. We won't carry out any extra work without asking your permission first.

### All part of the service

Whenever we see an Audi for a service, we connect it directly to our headquarters in Ingolstadt which enables us to check your car's software and make sure it's as up-to-date as possible. If the factory has released a software upgrade for your model, it can be applied immediately – improving anything from your car's efficiency to the precision of its parking system.

### Audi Roadside Assistance

Your new car comes complete with 3 years' complimentary roadside assistance and recovery across the UK, provided by Automobile Association Insurance Services Limited. Also included is roadside assistance throughout Europe, managed by Automobile Association Insurance Services Limited.

For further information and terms and conditions please visit [audi.co.uk](http://audi.co.uk)

\*Subject to availability.

\*\*Excludes wear and tear.

# A3 Petrol

## technical data

\*1.4 TFSI engine with Audi cylinder-on-demand technology

\*Highest insurance group rating shown. Group may be lower dependent on trim level. Please visit [www.thatcham.org/abigrouprating](http://www.thatcham.org/abigrouprating) for details.

**Please note:** The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of brake horsepower). To convert to brake horsepower, divide the PS figure by 1.0139.

<sup>1</sup>The given value was obtained in accordance with the specified measurement procedure (the respective current version of the Directive 80/1269/EEC).

<sup>2</sup>Top speed is achieved in top gear.

<sup>3</sup>Vehicle's unladen weight without driver (calculated in accordance with the current version of Directive 80/1268/EEC). The fitting of additional equipment may increase the vehicle's unladen weight and drag coefficient, whereupon the potential carrying capacity and top speed will be correspondingly reduced.

<sup>4</sup>The engine's power output always goes down with increasing altitude. At 1,000m above sea level, and for every additional 1,000m, deduct 10% from the weight of the outfit (trailer load limit + gross weight of the towing vehicle).

| Engine                                                   | 1.2 TFSI       | 1.2 TFSI         | 1.4 TFSI       | 1.4 TFSI         | 1.4 TFSI*      | 1.4 TFSI*        | 1.8 TFSI quattro |

<sup>1</sup>The given value was obtained in accordance with the specified measurement procedure (the respective current version of the Directive 80/1269/EEC).

<sup>2</sup>Fuel consumption and CO2 emissions figures are obtained under standardised test conditions (Directive 93/116/EEC) using a representative model. This allows direct comparison between different models from different manufacturers, but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available at [www.dft.gov.uk/vca](http://www.dft.gov.uk/vca)

**Please note:** The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of brake horsepower). To convert to brake horsepower, divide the PS figure by 1.0139.

# S3 quattro

## Petrol

### technical data

Depending upon your chosen S3 wheel size, different efficiency figures for CO2 emissions and fuel consumption will apply (based on EU directive no. 715/2007 effective from 01/09/14). This table is a quick reference guide to assist you in finding the correct values based on wheel sizes and chosen engine.

\*Electronically limited

<sup>4</sup>Highest insurance group rating shown. Group may be lower dependent on trim level. Please visit [www.thatcham.org/abigrouprating](http://www.thatcham.org/abigrouprating) for details.

**Please note:** The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of brake horsepower). To convert to brake horsepower, divide the PS figure by 1.0139.

<sup>1</sup>The given value was obtained in accordance with the specified measurement procedure (the respective current version of the Directive 80/1269/EEC).

<sup>2</sup>Top speed is achieved in top gear.

<sup>3</sup>Fuel consumption and CO2 emissions figures are obtained under standardised test conditions (Directive 93/116/EEC) using a representative model. This allows direct comparison between different models from different manufacturers, but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available at [www.dft.gov.uk/vca](http://www.dft.gov.uk/vca)

<sup>4</sup>Vehicle's unladen weight without driver (calculated in accordance with the current version of Directive 80/1268/EEC). The fitting of additional equipment may increase the vehicle's unladen weight and drag coefficient, whereupon the potential carrying capacity and top speed will be correspondingly reduced.

<sup>5</sup>Vehicle not suitable for towing equipment.

# A3 Diesel

## technical data

<sup>4</sup>Highest insurance group rating shown. Group may be lower dependent on trim level. Please visit [www.thatcham.org/abigrouprating](http://www.thatcham.org/abigrouprating) for details.

**Please note:** The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of brake horsepower). To convert to brake horsepower, divide the PS figure by 1.0139.

<sup>1</sup>The given value was obtained in accordance with the specified measurement procedure (the respective current version of the Directive 80/1269/EEC).

<sup>2</sup>Top speed is achieved in top gear.

<sup>3</sup>Vehicle's unladen weight without driver (calculated in accordance with the current version of Directive 80/1268/EEC). The fitting of additional equipment may increase the vehicle's unladen weight and drag coefficient, whereupon the potential carrying capacity and top speed will be correspondingly reduced.

<sup>4</sup>The engine's power output always goes down with increasing altitude. At 1,000m above sea level, and for every additional 1,000m, deduct 10% from the weight of the outfit (trailer load limit + gross weight of the towing vehicle).

| Engine                                                   | 1.6 TDI ultra  | 1.6 TDI        | 1.6 TDI          | 2.0 TDI        | 2.0 TDI          | 2.0 TDI quattro | 2.0 TDI        | 2.0 TDI quattro  |

# A3 Diesel technical data

Depending upon your chosen A3 wheel size, different efficiency figures for CO2 emissions and fuel consumption will apply (based on EU directive no. 715/2007 effective from 01/09/14). This table is a quick reference guide to assist you in finding the correct values based on wheel sizes and chosen engine.

| Engine                                                   |           | 1.6 TDI ultra  | 1.6 TDI        | 1.6 TDI          | 2.0 TDI        | 2.0 TDI          | 2.0 TDI quattro | 2.0 TDI        | 2.0 TDI quattro  |

<sup>1</sup>The given value was obtained in accordance with the specified measurement procedure (the respective current version of the Directive 80/1269/EEC).

<sup>2</sup>Fuel consumption and CO2 emissions figures are obtained under standardised test conditions (Directive 93/116/EEC) using a representative model. This allows direct comparison between different models from different manufacturers, but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available at [www.dft.gov.uk/vca](http://www.dft.gov.uk/vca)

**Please note:** The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of brake horsepower). To convert to brake horsepower, divide the PS figure by 1.0139.

# A3 Sportback

## Petrol

### technical data

\*1.4 TFSI engine with Audi cylinder-on-demand technology

<sup>†</sup>Highest insurance group rating shown. Group may be lower dependent on trim level. Please visit [www.thatcham.org/abigrouprating](http://www.thatcham.org/abigrouprating) for details.

**Please note:** The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of brake horsepower). To convert to brake horsepower, divide the PS figure by 1.0139.

<sup>1</sup>The given value was obtained in accordance with the specified measurement procedure (the respective current version of the Directive 80/1269/EEC).

<sup>2</sup>Top speed is achieved in top gear.

<sup>3</sup>Vehicle's unladen weight without driver (calculated in accordance with the current version of Directive 80/1268/EEC). The fitting of additional equipment may increase the vehicle's unladen weight and drag coefficient, whereupon the potential carrying capacity and top speed will be correspondingly reduced.

<sup>4</sup>The engine's power output always goes down with increasing altitude. At 1,000m above sea level, and for every additional 1,000m, deduct 10% from the weight of the outfit (trailer load limit + gross weight of the towing vehicle).

| Engine                                                   | 1.2 TFSI       | 1.2 TFSI         | 1.4 TFSI       | 1.4 TFSI         | 1.4 TFSI*      | 1.4 TFSI*        | 1.8 TFSI quattro |

## Petrol

### technical data

Depending upon your chosen A3 wheel size, different efficiency figures for CO2 emissions and fuel consumption will apply (based on EU directive no. 715/2007 effective from 01/09/14). This table is a quick reference guide to assist you in finding the correct values based on wheel sizes and chosen engine.

| Engine                                                   |           | 1.2 TFSI       | 1.2 TFSI         | 1.4 TFSI       | 1.4 TFSI         | 1.4 TFSI*      | 1.4 TFSI*        | 1.8 TFSI quattro |
|----------------------------------------------------------|-----------|----------------|------------------|----------------|------------------|----------------|------------------|------------------|
| Transmission                                             |           | 6-speed manual | 7-speed S tronic | 6-speed manual | 7-speed S tronic | 6-speed manual | 7-speed S tronic | 6-speed S tronic |
| Max. power, <sup>1</sup> PS at rpm                       |           | 110/4600-5600  | 110/4600-5600    | 125/5000-6000  | 125/5000-6000    | 150/5000-6000  | 150/5000-6000    | 180/4500-6200    |
| CO <sub>2</sub> emissions, <sup>2</sup> g/km             | 16" Wheel | 117            | 116              | 122            | 118              | 112            | 112              | -                |

| Fuel consumption, <sup>2</sup> mpg (l/100km) Combined    | 16" Wheel | 56.5 (5.0)     | 56.5 (5.0)       | 53.3 (5.3)     | 55.4 (5.1)       | 58.9 (4.8)     | 58.9 (4.8)       | -                |
|                                                          | 17" Wheel | 56.5 (5.0)     | 56.5 (5.0)       | 53.3 (5.3)     | 55.4 (5.1)       | 58.9 (4.8)     | 58.9 (4.8)       | -                |
|                                                          | 18" Wheel | 55.4 (5.1)     | 55.4 (5.1)       | 52.3 (5.4)     | 54.3 (5.2)       | 57.6 (4.9)     | 57.6 (4.9)       | 42.8 (6.6)       |

<sup>1</sup>The given value was obtained in accordance with the specified measurement procedure (the respective current version of the Directive 80/1269/EEC).

<sup>2</sup>Fuel consumption and CO<sub>2</sub> emissions figures are obtained under standardised test conditions (Directive 93/116/EEC) using a representative model. This allows direct comparison between different models from different manufacturers, but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available at [www.dft.gov.uk/vca](http://www.dft.gov.uk/vca)

**Please note:** The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of brake horsepower). To convert to brake horsepower, divide the PS figure by 1.0139.

## Petrol

### technical data

Depending upon your chosen S3 wheel size, different efficiency figures for CO<sub>2</sub> emissions and fuel consumption will apply (based on EU directive no. 715/2007 effective from 01/09/14). This table is a quick reference guide to assist you in finding the correct values based on wheel sizes and chosen engine.

\*Electronically limited

<sup>†</sup>Highest insurance group rating shown. Group may be lower dependent on trim level. Please visit [www.thatcham.org/abigrouprating](http://www.thatcham.org/abigrouprating) for details.

**Please note:** The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of brake horsepower). To convert to brake horsepower, divide the PS figure by 1.0139.

<sup>1</sup>The given value was obtained in accordance with the specified measurement procedure (the respective current version of the Directive 80/1269/EEC).

<sup>2</sup>Top speed is achieved in top gear.

<sup>3</sup>Fuel consumption and CO<sub>2</sub> emissions figures are obtained under standardised test conditions (Directive 93/116/EEC) using a representative model. This allows direct comparison between different models from different manufacturers, but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available at [www.dft.gov.uk/vca](http://www.dft.gov.uk/vca)

<sup>4</sup>Vehicle's unladen weight without driver (calculated in accordance with the current version of Directive 80/1268/EEC). The fitting of additional equipment may increase the vehicle's unladen weight and drag coefficient, whereupon the potential carrying capacity and top speed will be correspondingly reduced.

<sup>5</sup>Vehicle not suitable for towing equipment.

<sup>+</sup>Highest insurance group rating shown.  
Group may be lower dependent on trim level.  
Please visit [www.thatcham.org/abigrouprating](http://www.thatcham.org/abigrouprating) for details.

**Please note:** The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of brake horsepower). To convert to brake horsepower, divide the PS figure by 1.0139.

<sup>1</sup>The given value was obtained in accordance with the specified measurement procedure (the respective current version of the Directive 80/1269/EEC).

<sup>2</sup>Top speed is achieved in top gear.

<sup>3</sup>Vehicle's unladen weight without driver (calculated in accordance with the current version of Directive 80/1268/EEC).The fitting of additional equipment may increase the vehicle's unladen weight and drag coefficient, whereupon the potential carrying capacity and top speed will be correspondingly reduced.

<sup>4</sup>The engine's power output always goes down with increasing altitude. At 1,000m above sea level, and for every additional 1,000m, deduct 10% from the weight of the outfit (trailer load limit + gross weight of the towing vehicle).

### technical data

Depending upon your chosen A3 wheel size, different efficiency figures for CO2 emissions and fuel consumption will apply (based on EU directive no. 715/2007 effective from 01/09/14). This table is a quick reference guide to assist you in finding the correct values based on wheel sizes and chosen engine.

| Engine                                                   |           | 1.6 TDI ultra  | 1.6 TDI        | 1.6 TDI          | 1.6 TDI quattro | 2.0 TDI        | 2.0 TDI          | 2.0 TDI quattro | 2.0 TDI        | 2.0 TDI quattro  |
|----------------------------------------------------------|-----------|----------------|----------------|------------------|-----------------|----------------|------------------|-----------------|----------------|------------------|

| Fuel consumption, <sup>2</sup> mpg (l/100km) Combined    | 16" Wheel | 83.1 (3.4)     | -              | 70.6 (4.0)       | 60.1 (4.7)      | 68.9 (4.1)     | 62.8 (4.5)       | -               | -              | -                |
|                                                          | 17" Wheel | -              | 70.6 (4.0)     | 70.6 (4.0)       | 60.1 (4.7)      | 68.9 (4.1)     | 62.8 (4.5)       | 58.9 (4.8)      | 67.3 (4.2)     | 58.9 (4.8)       |
|                                                          | 18" Wheel | -              | 68.9 (4.1)     | 68.9 (4.1)       | 58.9 (4.8)      | 67.3 (4.2)     | 61.4 (4.6)       | 57.6 (4.9)      | 65.7 (4.3)     | 57.6 (4.9)       |

<sup>1</sup>The given value was obtained in accordance with the specified measurement procedure (the respective current version of the Directive 80/1269/EEC).

<sup>2</sup>Fuel consumption and CO2 emissions figures are obtained under standardised test conditions (Directive 93/116/EEC) using a representative model. This allows direct comparison between different models from different manufacturers, but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available at [www.dft.gov.uk/vca](http://www.dft.gov.uk/vca)

**Please note:** The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of brake horsepower). To convert to brake horsepower, divide the PS figure by 1.0139.

# A3 dimensions

The technical drawings opposite show the exact dimensions of the Audi A3, so you can check everything – from whether the car will fit in your garage to whether your luggage will fit in the boot.

\*Maximum headroom.

\*\*Elbow room width.

\*\*\*Shoulder room width.

Dimensions in millimetres.

Turning circle approx 10.7m.

Dimensions measured with vehicle at unladen weight.

# S3

# Pricing and Additional information

## Welcome to Audi

By placing an order for your Audi, you're choosing to get behind the wheel of one of the most sophisticated cars on the road. And because we believe the service we offer should be just as advanced, we want to let you know exactly what you can expect from us, now and in the future.

We've agreed a set of standards with all our Centres which governs the way we do business with you. It outlines the kind of service we promise to deliver for every customer, right down to filling each new Audi we sell with half a tank of fuel.

So whether you're interested in the date your car will arrive in the UK or the way we'll dispose of non-biodegradable materials after we service your Audi, you can have total confidence in us.

## Audi Promise

### Audi Centres

We guarantee that all our Centres will be open as follows:

Sales: Monday to Friday 9am–6pm  
Saturday 9am–5pm

Service: Monday to Friday 8am–6pm  
Saturday 8.30am–1pm

Sunday opening is at local discretion.

### New car delivery

Once we've confirmed a delivery date for your car, we'll keep you informed of progress. Subject to reasonable notice, we'll then deliver it to a place of your choice, whether that's your home or work. In the unlikely event of a delay, we'll provide a courtesy car to minimise inconvenience and keep you mobile.

### Environmental commitment

We promise to dispose of all non-biodegradable materials from your vehicle in a responsible manner.

### Pricing

Prices and specifications given are correct at the time of printing. Always check details with your Audi Centre as Audi policies are continually developing. We reserve the right to change prices or specifications at any time.

All prices are subject to VAT, currently charged at 20%, but this may alter to reflect any change in the applicable VAT rate.

Delivery charges and number plates are not included in the vehicle price.

|                 |         |
|-----------------|---------|
| Delivery charge | £504.99 |
| Number plate    | £20.00  |
| VAT             | £105.01 |
| Total           | £630.00 |

### Audi Customer Care

Every new Audi benefits from the comprehensive Audi Customer Care Package, which comprises:

- A 3-year Audi warranty, which covers you for unlimited mileage in the first 2 years of ownership, with a full mechanical and electrical warranty which covers you for up to 60,000 miles in the 3rd year
- A 3-year paint warranty
- A 12-year anti-corrosion warranty
- 3 years' UK roadside assistance and recovery

You also have the option when ordering your new car of choosing a 4-year or 5-year Audi warranty. Speak to a member of the sales team for more information.

### Audi tax-free sales

If you are entitled to purchase a vehicle free of VAT, normally through military or diplomatic privilege, please contact your local Audi Centre for full details.

Should you have any difficulty obtaining the information you require, please call 01908 548 356.

### Audi Financial Services

Audi Financial Services specialises in providing funding solutions for Audi drivers. Whether your Audi is for private or business use, there is a range of funding options to choose from.

Below is the full range of finance products, which comprises:

- Solutions – a Personal Contract Plan
- Hire purchase
- Lease purchase
- Finance lease
- Contract hire

With all products, you can choose a fixed-cost maintenance plan designed to help you budget accurately.

No matter which Audi model you choose, your local Audi Centre can provide you with a personalised quote designed to fit your budget and motoring needs.

Audi Financial Services is a trading name of Volkswagen Financial Services (UK) Limited. An offer of finance depends on certain conditions. Available to people over 18 in the UK only.

### Audi Insurance

We want you to start enjoying your new car from day one and thanks to Audi complimentary five day insurance you can. To activate simply call 0330 303 6900, provide us with a few details, and we'll send a cover note to your Audi Centre. They will then tax your car and you can drive it away. Telephone lines are open Monday to Friday 8am – 8pm and Saturday 9am – 4pm. For details of our full range of Insurance products visit [insurewithaudi.co.uk](https://insurewithaudi.co.uk)

Audi Financial Services is a trading name of Volkswagen Financial Services (UK) Limited ("VWFS UK"). Registered in England and Wales No. 2835230. Ageas Retail Limited is authorised and regulated by the Financial Conduct Authority (FCA), registration number 312468. Volkswagen Financial Services (UK) and Ageas Retail Limited are not part of the same corporate group.

# Additional information

## CO2 data and information

### CO2 emissions-based Vehicle Excise Duty

Vehicle Excise Duty (Road Fund Licence) is based upon the amount of Carbon Dioxide (CO2) a vehicle emits, measured in grams per kilometre (g/km). First year VED rates apply to the first year of ownership. Annual VED rates apply thereafter. The DVLA has created thirteen categories:

| Petrol and Diesel engines | First year | Annual rate<br>(second year onwards) |
|---------------------------|------------|--------------------------------------|
| A – up to 100g/km         | £0.00      | £0.00                                |
| B – 101 to 110g/km        | £0.00      | £20.00                               |
| C – 111 to 120g/km        | £0.00      | £30.00                               |
| D – 121 to 130g/km        | £0.00      | £110.00                              |
| E – 131 to 140g/km        | £130.00    | £130.00                              |
| F – 141 to 150g/km        | £145.00    | £145.00                              |
| G – 151 to 165g/km        | £180.00    | £180.00                              |
| H – 166 to 175g/km        | £295.00    | £205.00                              |
| I – 176 to 185g/km        | £350.00    | £225.00                              |
| J – 186 to 200g/km        | £490.00    | £265.00                              |
| K – 201 to 225g/km        | £640.00    | £290.00                              |
| L – 226 to 255g/km        | £870.00    | £490.00                              |
| M – over 255g/km          | £1,100.00  | £505.00                              |

Vehicle Excise Duty (VED) rates correct at time of going to print, but these may alter to reflect any change in the applicable VED rate.

## Audi Connect

An external data source is required to enable Audi Connect online services. One of the two can be used:

1. A mobile telephone with Bluetooth SIM Access Profile – to check the compatibility of your mobile phone and whether it has SIM Access Profile compatibility, please visit [www.audi.co.uk/phonecompatibility](http://www.audi.co.uk/phonecompatibility)
2. A separate SIM card which can be inserted in the included SIM card reader. When a separate SIM card is used, hands-free phone calls are possible using the SIM card or by connecting a different mobile telephone via Bluetooth Hands-Free Profile

Online services are only available for mobile phone contracts or SIM cards which include a data option with the use of LTE, if LTE usage is required. Online services will only be available within the coverage of the mobile phone network; there may be additional costs for the use of these services (charges and billing correspond to the personal mobile phone contract or SIM card contract). Due to high data volumes, a mobile phone contract including an unlimited or high usage data plan is strongly recommended. The content and scope of the online based services offered may vary.

The Audi Connect services are provided for at least one year from vehicle delivery. After 24 months from delivery of the vehicle, the term of the Audi Connect services will be extended free of charge once for 12 months.

Audi Connect enables access to the services of Facebook, Google and Twitter. Permanent availability cannot be guaranteed as this is the responsibility of Facebook, Google and Twitter.

Please note that the services received are also dependent on the capability of your mobile phone.

Google and the Google logo are registered trademarks of Google Inc. The availability of services supported by Audi Connect varies from country to country.

### Online Map updates

The map version delivered can be updated with the first 5 updates which are issued at intervals of 6 months. The Current navigation data can be downloaded from the myAudi Platform at [www.audi.com/myaudi](http://www.audi.com/myaudi) and installed in the vehicle via SD card. In conjunction with Audi Connect, the update can be carried out online in the vehicle. In addition it is possible to have the new navigation data installed by an Audi partner at extra cost.
